

Evaluation of Investigating the Height of a Stack of Cookies

1. How would you characterize the use of the "just add data" interactive Excel spreadsheet for this activity? Circle your choice.

very easy easy so, so difficult very difficult

2. Did you happen to notice that the rulers did not have the zero centimeter mark at the end?

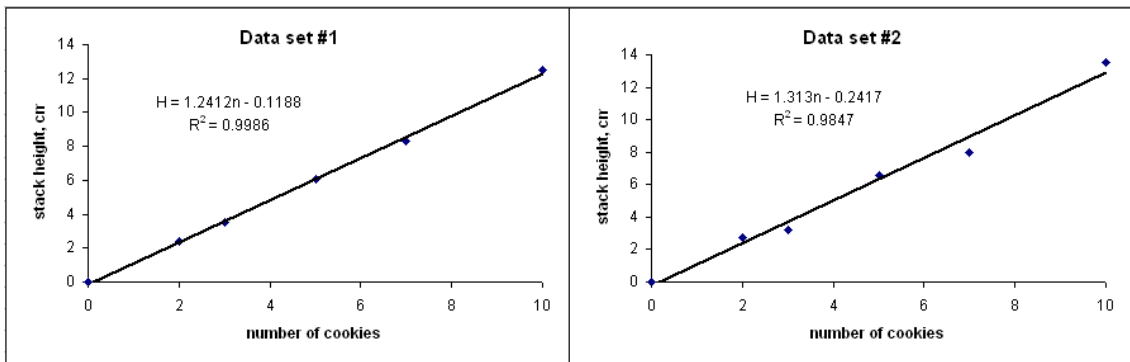

Yes No

3. If you did (circled yes in question 2), did you correct for it? Be honest!

Yes No

4. What is the stack height of zero cookies? _____ cm

5. Here are two graphs of different data sets.

Which data set shows more variation in the thickness of the cookies?

Data set #1 Data set #2 Don't know

Explain your choice.

Any overall comments about the activity:
